Applications for Research Ethical Approval: general information

The Trinity Laban Research Ethics Committee considers applications from staff and students for ethical approval of research.

You can find application guidance and application forms for both research involving human participants and performance ethics/H&S on our Strategy & Ethics Policy webpage.

If you are a member of staff or a Research Degree Programme (MPhil/PhD) student you should submit your application to the Research Ethics Committee directly (details are stated within the documents); if you are an M-level student you should submit your application to your programme leader (again, details are contained within the documents).

If your project is cross-institutional your application may appropriately be considered by the Conservatoires UK Research Ethics Committee. Please contact the Chair of the TL Research Ethics Committee, Dr Jonathan Clark, in the first instance (j.clark@trinitylaban.ac.uk).

The TL Ethics Committee meets annually; in 2016-17 this will be on:

Wed 26 April 2017.

Where necessary, applications are considered at other times during the year. Please contact the Chair of the Ethics Committee Dr Jonathan Clark, j.clark@trinitylaban.ac.uk, directly, with copy to the Secretary to the Ethics Committee Angela Kerkhoff, a.kerkhoff@trinitylaban.ac.uk .
