Summary

The reason for the pay gap this reporting period is due to there being less female casual workers than males. These groups belong in the 1st and 2nd quartiles. There were also more male accompanists than females. There are more males at the top of their grades than females.

Within the Faculty of Dance there are more female members of staff than males. Within the Faculty of

Music there are more male members of staff than females. Both Faculties demonstrate the gender profile within their sectors. Within the Admin section of staff there are more female staff at the bottom of the pay spine than males.

The Institution is working on updating its action plan to reduce the gender pay gap and ways in which this can be minimised into the future.
