We are delighted to present Trinity Laban's Graduate School Showcase 2024 - the culmination of students' creative work during their postgraduate programmes in the Faculty of Dance.

Experimental and investigative in nature, the work draws upon collaborative and interdisciplinary practices arising from choreographic and performance-making research.

Join us throughout three weeks to see a showcase of final projects from students who have studied MA and MFA Choreography, MA and MFA Creative Practice: Dance Professional, MA and MFA Creative Practice: Transdisciplinary, MA Dance Performance.

Ellie depicts themselves as an example of change. Ellie experiences the spectrum between certainty and uncertainty. Ellie invites themselves to hold the present moment lightly.

Siin depicts herself as a human who prays to remember space that is just about to engender.

Angel depicts themselves as a person who is devoted to the unfolding of life through relationship.

We meet to dance from our whole selves.
